

CLINICAL TRIAL ON-GOING

Have you been diagnosed with **OVARIAN CANCER**?

Have you been previously treated with surgery and **first-line platinum and taxane-based chemotherapy**?

Are you in **first relapse** after a remission of ≥ 6 months and ≤ 24 months?

If you are 18 years old and above and meet all of the above criteria, you are invited to a more in-depth screening to see if you are eligible to participate in a clinical trial to compare therapy with an investigational drug in combination with platinum and taxane-based chemotherapy vs. platinum and taxane-based chemotherapy alone.

If eligible, you may receive at no cost:

- platinum and taxane-based chemotherapy
- trial-related physical examinations and laboratory testing
- trial medication for the duration of the trial
