The screen is divided into two sections. The left section shows a cartoon scene with a character in a white coat and a rabbit. The right section is a table with the following data:

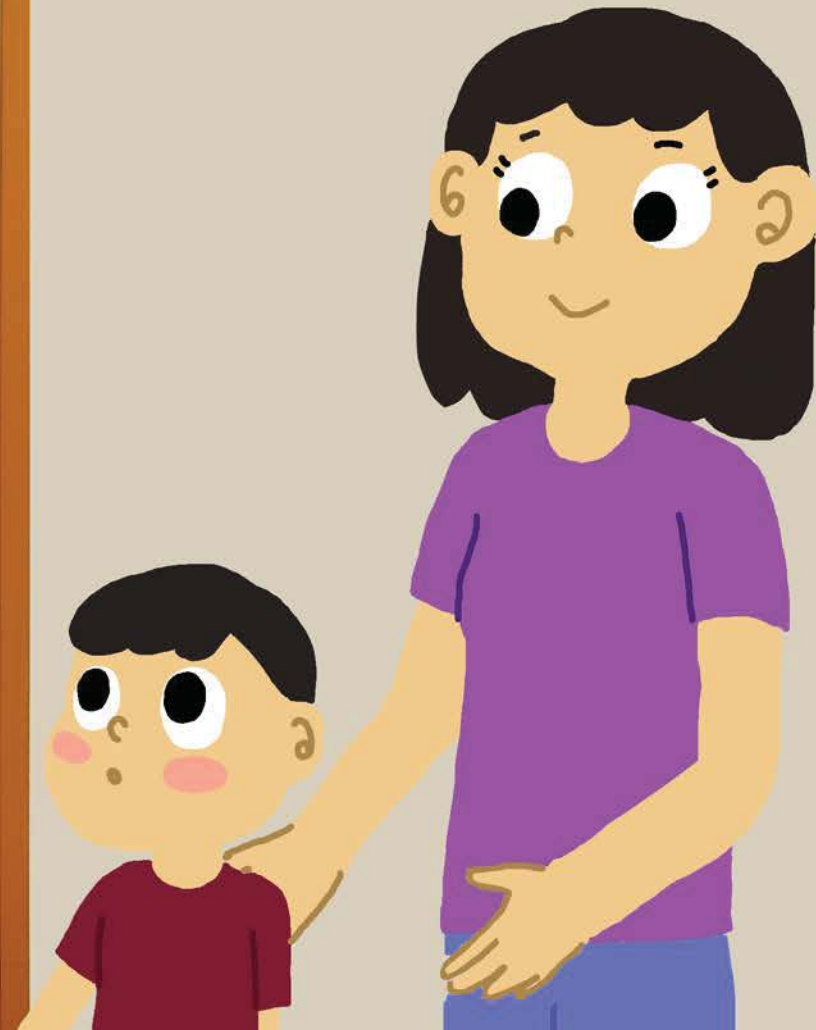

Other Services		Consultation	
Room	Now Serving	Room	Now Serving
4	A1234		

The cabinet features several shelves. The top shelf holds brochures, including one with the text "Great Hops, Save Lives". The middle shelf is filled with colorful children's books. The bottom shelf has a stack of papers. To the right of the shelves is a sign that reads "KKH & YOU" and "At KKH, we partner you in managing your health. We hope to share health information with you here and would also love to hear from you."

Hygiene, Virus and Anti-Bacterials

Oh look! Our number has been called! Let's go to room 4.

It is my turn to get my ears checked. This is the audiologist who will check my ears.

Please sit over here!

The audiologist likes it if I sit on this chair.

I will be putting this into your ears. It may feel a little ticklish in your ear, but you need to sit very still.

This special instrument the audiologist uses allows them to find out if there are any problems with your ear canal or ear drum.

You can do it!
Mummy will be
right beside you.

I hold mummy's hand
and count: 1...2....3...
All done!

An illustration of a woman with black hair, wearing a purple t-shirt and blue pants, standing in a doorway. She is holding the hand of a young boy with black hair, wearing a maroon t-shirt and brown shorts. The woman is giving a thumbs-up gesture. A speech bubble from the woman says, "You were very brave today!". The background shows an office interior with desks, computers, and a patterned carpet.

You were very
brave today!
